D.O.No.11/1/2008-EP(G&J)

March 5, 2008

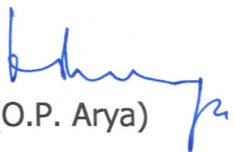

Excellency,

I am sure you must be in the process of submission of the Annual Report on implementation of the Kimberley Process 2007 by 31.3.2008 as per the administrative decision on Peer Review.

May I request you for timely submission of the report and the special section on internal controls it should contain. You may recall that in the Plenary in Brussels, there was a declaration on internal controls. On this, a write up detailing government oversight, implementation of guidance on internal controls as consistent to your national legislation, as also specific instances of infringement, enforcement and best practices, if any, may be included in the report.

With regards.

Yours sincerely,

(O.P. Arya)
