Minutes of the Meeting of the Empowered Committee of MAI held on 28.2.2019 to consider proposals for MAI assistance during 2019-20

A meeting of the Empowered Committee (EC) of the Market Access Initiative (MAI) Scheme was held on 28th February, 2019, under the chairmanship of Sh. Anup Wadhawan, Commerce Secretary to consider the proposals from the Export Promotion Councils (EPCs) and Trade Promotion Bodies for MAI assistance during the Financial Year 2019-20. The list of participants is annexed.

2. JS, MAI, DoC welcomed the participants. He made a brief presentation, highlighting main features of the MAI Scheme, its evolution over the years, efforts made by the Department to streamline the Scheme and the major constraints, including limitation of resources, in meeting the aspirations of the trade and industry. He apprised the EC about the procedure followed in the meetings of the Sub-Committee in screening the proposals of the EPCs and Trade Bodies, recommended by the concerned Commodity/ Territorial Divisions. The broad criteria adopted by the Sub-Committee in recommending the proposals were to handhold the EPCs/ Trade Bodies for participation in an event for three years, and in special cases, up to five years and giving priority to the convergence of efforts of the EPCs and Trade Bodies. He further mentioned that though the MAI guidelines provides for supporting events with participation of minimum 50 Indian exporters, considering that the MDA Scheme had been merged into the MAI Scheme, proposals for less than 50 participants were also considered for the niche sectors and smaller EPCs as per revised MAI guidelines. He further informed the EC that as an attempt to diversify markets, 20 new countries would be covered during 2019-20, compared to 2018-19.

3. AS (ED), MEA suggested that the Indian Missions should be consulted and the final list be shared with them. He was apprised that the Divisions of DoC consult the Missions and final lists are shared with them. Moreover, E&MDA Division, DoC seeks feedback from Missions about the organisation of events. AS (ED), MEA mentioned that there was a small component of Market Access Fund in MEA, which can be utilised for meeting additional demands on MAI from the EPCs.

4. In addition to specific direction/ observations regarding individual proposals, the EC decided as under:

- (i) The Territorial Divisions should consult Indian Missions while examining the proposals for assistance. The Divisions should also share the list of approved events with the Missions. E&MDA Division should share the complete list of approved proposals with the Economic Diplomacy Division of MEA. The participating agency should get in touch with the Indian Mission well in advance and as far as possible, an officer of the Indian

Mission may be deputed to the export promotion events to facilitate Indian participation.

- (ii) While participating in an event in distant places, like LAC and Africa, the effort should be to cover 2-3 more neighbouring countries – with a regular event in one country and business meetings in neighbouring countries, to get some mileage.
- (iii) Wherever more than one EPCs/ Trade Bodies are jointly participating in an event, the concerned Commodity/ Territorial Division may ensure coordination among the participating agencies. Any lack of coordination on the part of the participating agencies would be viewed seriously and may even render them ineligible to get any further MAI assistance.
- (iv) The requests of the EPCs to allow hosting at least certain percentage of buyers from the developed markets were considered. EC reiterated that while EPCs may continue to invite Buyers from Developed Countries, MAI funding would continue to be restricted for hosting buyers only from the regions as are eligible under the current guidelines. It was also explained that the buyers from North America (USA and Canada), EU, North East Asia (China, Japan and Korea) and Oceania (Australia and New Zealand) are excluded from MAI funding.
- (v) The request to revise funding norms would be considered if additional allocation is made for the MAI Scheme.
- (vi) E&MDA Division, DoC and Economic Diplomacy Division, MEA may work out the modalities for utilising the Market Access Fund, available with MEA, on the export promotion activities.

5. With the permission of the Chair, proposals listed in the agenda were taken up one-by-one. The decisions taken by the EC on the agenda items, including funding element, participants, etc are given in the enclosed statements, as summarised below:
