

Analytical Laboratory Services:

Sl.no.	Type of Service	Service Standards	Revised Service Charges (Rs. Per sample)
1.	Green Beans – Moisture estimation by gravimetric method	4 working days after receipt of samples	Rs.400/-
2.	Moisture Meter Calibration (Sinar, Digital, Kappa)	2 working days after receipt of the moisture meter	Rs.1000/-
3.	PFA Parameters for R&G Coffee	6 working days after receipt of samples	Rs.4300/-
4.	PFA Parameters for R&G Coffee blended with Chicory	6 working days after receipt of samples	Rs.3350/-
5.	PFA Parameters for Pure Soluble Coffee	6 working days after receipt of samples	Rs.2850/-
6.	PFA Parameters for Pure Soluble Coffee blended with Chicory	6 working days after receipt of samples	Rs.2850/-
7.	Ochratoxin–A estimation in coffee samples	15 working days after receipt of samples	Rs.4600/-
8.	Green Beans – Pesticide Residue Analysis (per Compound)	15 working days after receipt of samples	Rs.1300/-
