At the outset, CS reviewed the decisions taken in the last EC meeting and the letter No.32/PSO/FS/2015 dated 28.10.2015 from Finance Secretary was discussed. After discussion following decisions were taken :-

i) The decision of the EC meeting to permit the states to utilize the unspent balance lying with them from the previous allocations made to them under State Component of ASIDE would be allowed for their ongoing projects.

ii) In reference to the letter No.32/PSO/FS/2015 dated 28.10.2015, received from Finance Secretary, it has been agreed to fund the projects of State Governments on 50:50 revised sharing pattern (80:20 for NE States and 3 Himalayan States) provided the State Govts. commit to fund their share as per the revised pattern. CS informed the participants that the ASIDE scheme would not support roads and general categories of projects that were supported in the past but would be looking at only key export related infrastructure. An emphasis would also be laid on the quality of the asset being created.

iii) The circular on financial prudence to be observed is to be issued to all State Govts. and Central Agencies by the IFD.

iv) Any increase in the overall project cost would be borne by the respective agency.
